Re: Sunshine Law Request

To Whom It May Concern:

The Town of Carrollton is in receipt of the records request dated, July 31, 2026, which was sent via email to Mayor Higgins and Amber Cooper, Operations Administrator and forwarded to me on August 3, 2026, for copies of certain records pursuant to Missouri's Sunshine Law, Chapter 610 RSMo. For future reference all records requests should be sent to me, City Clerk, Custodian of Records at the email above.

The Town is obligated to disclose any "public record" as defined in RSMo. 610.010(6). The Town has determined that these items will be furnished without charge.

Specifically you requested Contract and Financials between the City of Carrollton/Carrollton Police Department and Flock Group, Inc. (dba Flock Safety), data-Sharing Inter-Agency Agreements, private/commercial surveillance agreements and internal usage policies and audit frameworks.

The only information available is the first contact the Mayor had was June 4, 2025 and the contract was sent to him on June 25, 2025. The contract was signed on June 30, 2025 and a letter sent to cancel the contract on June 10, 2026. Between the time the contract was signed and the time it was cancelled only two of the four cameras were installed. They were to be turned on for our police department to use on January 1, 2026, but the police department was never able to use them. The Mayor started discussion to cancel the contract early in 2026 with no satisfaction from Flock Safety. The Mayor had the Town of Carrollton's attorney, Robert Cowherd send them a letter of cancellation.

Attached is a copy of the Order Form and signed Certificate of Completion and the second attachment is the Invoice from.

Sincerely,

/s/ Dana L Reimer

Dana L. Reimer, City Clerk
